THE LORD GOD PLANTED A GARDEN

BY DOROTHY FRANCES GURNEY

"The Lord God planted a Garden
In the first white days of the world,
And he set there an angel warden
In a garment of light unfurled.

So near to the peace of Heaven
That the Hawk might nest with the Wren,

For there in the cool of the even
God walked with the first of men.

The kiss of the sun for pardon,
The song of the birds for mirth---
One is nearer God's heart in a garden
Than any where else on earth."

DAHLIA SEED

Specially collected from the best blooms, \$1, \$2 and \$3 per 100.

NOTE

If there is any variety you are interested in and not listed in this catalogue, we may have it as we grow many others in limited quantity, and some are sold too heavily at the Gardens to list.

REGARDING GREEN PLANTS

We send out strong plants from 2½ inch pots grown right. Hardened off so that during shipping time we have them ready to go to you in perfect condition. Each year they are in greater demand, and we have many repeat orders. Do not hesitate to order them. We guarantee them to arrive in good condition. Full cultural instructions with each order.

GUARANTEE

We guarantee all bulbs listed are true to name and also their arrival in good growing condition. We will cheerfully replace any that should prove otherwise. Kindly notify us at once. We do not substitute unless requested, but would suggest a second or third choice in case one you order is sold out.

ORDER EARLY

As orders are received, stock will be reserved and shipped at the proper time.

TERMS

Cash with order or in advance of shipment. Remittance may be made by money order or check. All prices quoted in this catalogue are for divisions of field grown roots unless otherwise stated. We prepay postage in first, second or third zones.

WE SEND FULL CULTURAL DIRECTIONS WITH EACH ORDER.

GLADIOLUS

Jumbo Bulbs, 1 1/2 inches and up

We have grown them for years for the cut flower trade and on account of their growing popularity we have added some of the best to this catalogue. They are of the easiest culture and if planted at intervals of two weeks beginning the latter part of April a succession of bloom will be had from July until frost.

Plant 4 inches deep and 6 inches apart. Cultivate and water freely until the buds are well developed and then mulch the ground with litter of grass, old manure, or cornstalks. Protect the stalks from heavy winds by tying to small stakes. Full instructions for growing, storage, etc., with each order.

No order accepted for less than \$1.00.
